

“A 5 MINUTE CALL TO PEP COULD DOUBLE YOUR CASH FLOW”

Master Brett Rigdon
St. Louis, MO – (314) 805-3096

YOU CAN GROW YOUR BUSINESS WITH RESOURCES YOU ALREADY HAVE

For those of you I have not yet had the opportunity to meet, my name is Brett Rigdon.

Our studios in St. Louis were among the first to start using the Accounts Receivable Financing Program offered by Performance Equity Partners, Inc. At that time, we had only 4 locations.

Today we operate 9 locations, and we own 5 of our buildings. We have 1600 active students, and we value our 52 staff members and their families as part of our extended family. This growth has been possible through the use of our resources – student agreements funded by Performance Equity Partners, Inc.

The logic was simple. Families make payments on everything from furniture to automobiles, why not martial arts lessons? But, as most martial arts studio owners would ask, what finance company would consider such a partnership?

A close friend introduced me to the people of PEP, a licensed lender in the Chicagoland area whose officers have been innovative in this unique field, and the rest is history.

YOU CAN EASILY FUND YOUR STUDIO'S EXPANSION

Growing your business often requires seeking out creative opportunities, and many times people overlook the resources that are closest to them. That's the specialty at Performance Equity Partners, Inc. – helping you capitalize on your resources

Today is a time of change for our country, the martial arts industry and for small business owners. Yet, through it all, many studio owners are able to maintain their growth plans with the help of these individuals.
